

## Lab Reports

Add lab reports to associate with a case or scenario.

The screenshot shows the 'Item Library' interface. On the left is a navigation menu with categories like 'Questions', 'Categories', 'Choice Group', 'Competencies', 'Dictionary', 'SOAP Note Scoring Template', 'Support Files', 'Multimedia', 'Lab Reports', and 'SOAP Note Abbreviations'. The main area displays a grid of item cards, each with an icon, a title, a brief description, and an action button (e.g., 'New +', 'Update +'). The 'Lab Reports' card is highlighted, indicating the current focus.

To add lab reports:

1. Click **Items Library > Lab Reports > Add New.**

### Lab Report ✕

To add a lab report to be used with the student post-encounter Clinical Competency Computer Exercise, complete the required fields, upload the image, and then click **Create**.
