

## SOAP Note Abbreviations

Add abbreviations for learners to use when completing a SOAP Note.

To add SOAP Note abbreviations:

1. Click **Items Library > SOAP Note Abbreviations > Add New.**

### SOAP Note Abbreviations ✕

To add an abbreviated term that students can use when completing the SOAP Note post-encounter exercise, type the abbreviation and the term in the required fields (i.e., Cath, catheterization), and then click **Create**.

**Abbreviation\***

**Status**

**Details\***

2. Enter the **Abbreviation** (50 characters max).
3. Enter the Details of the abbreviation (1000 characters max).
4. Click **Create**.
