

Playlist

Use Playlist feature to:

1. Add a series of videos to a playlist in the web application.
2. View the playlist from the My Items area of the Dashboard.
3. View the playlist in AV Viewer.

Create a Playlist in the SIMULATIONiQ™ Enterprise web application

To add a series of videos to a playlist in the SIMULATIONiQ™ Enterprise web application, complete the following steps:

The screenshot shows the 'Video' section of the application. A sidebar on the left contains a navigation menu with 'Playlist' selected. The main content area displays a table of existing playlists:

<input type="checkbox"/>	Name	Date Time	Room	Session	Case/Scenario	Status	Delete
<input type="checkbox"/>	Man_Playlist	6/7/2017 2:19:53 PM	ROOM 03- 527A Cams			Active	
<input type="checkbox"/>	Man_Regression	6/6/2017 9:20:31 AM	ROOM 01- 4220 Cams; ROOM 03- 527A Cams; ROOM 04-TVI DVR			Active	
<input type="checkbox"/>	New_Playlist	6/13/2017 1:37:19 PM				Active	
<input type="checkbox"/>	Test2_Justin	11/4/2016 11:38:37 AM				Active	

At the bottom of the table, it indicates '4 record(s) found...' and includes pagination controls showing '1' of '1' items.

1. Click **Video > Playlist > Add New**.

Playlist

To add videos to a playlist to view in a series in AV Viewer, enter the name of the playlist and then click **Create**.

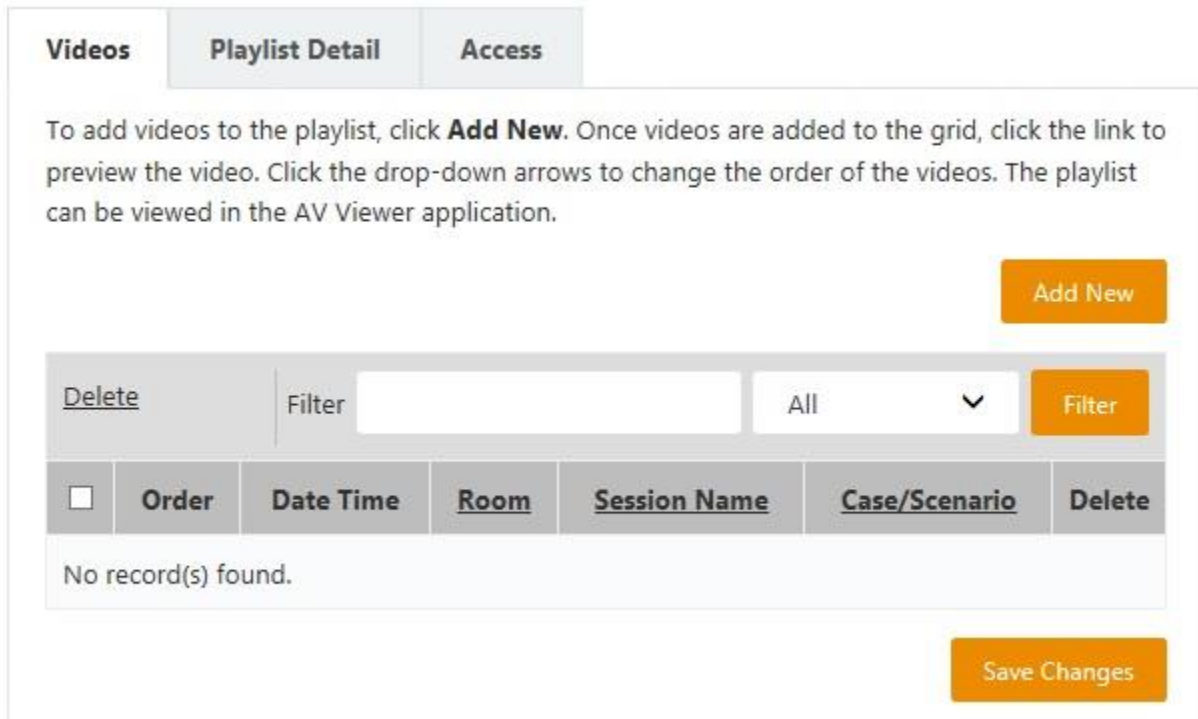

Name*

Status

2. Type the name of the playlist and then click **Create**. The Playlist activity page appears.

Videos in Playlist

1. To add videos to the playlist, click **Add New**.

The screenshot shows a web interface for managing a video playlist. At the top, there are three tabs: "Videos" (selected), "Playlist Detail", and "Access". Below the tabs is a text box with instructions: "To add videos to the playlist, click **Add New**. Once videos are added to the grid, click the link to preview the video. Click the drop-down arrows to change the order of the videos. The playlist can be viewed in the AV Viewer application." To the right of this text is an orange "Add New" button. Below the text is a search and filter section with a "Delete" link, a "Filter" input field, a dropdown menu set to "All", and an orange "Filter" button. Below this is a table with the following columns: a checkbox, "Order", "Date Time", "Room", "Session Name", "Case/Scenario", and "Delete". The table currently contains the text "No record(s) found." At the bottom right of the interface is an orange "Save Changes" button.

2. Search for and select the videos to include in the playlist and then click **Add**.
3. Once videos are added to the grid, you can click the date/time link to preview each video.
4. Click **Show Details** to view more information about this video and then click the Video breadcrumb to return to the Playlist.
5. Click the drop-down arrows to change the **Order** in which the videos will play in the playlist.
6. Click **Save Change** to save the playlist.
