

User Profile Review and Updates

Administrators can set a mandatory date to prompt users to review and update their user profiles the next time they log in to either the web or Kiosk applications to make sure the profile properties are valid and up to date.

Note: The profile update does not apply when logging in to the AV applications.

The profile expiration date can be set to:

- a defined number of days (30, 60, or 90 days)
- a specific date (i.e., January 1, 2016)
- expire immediately (for individual profiles only)

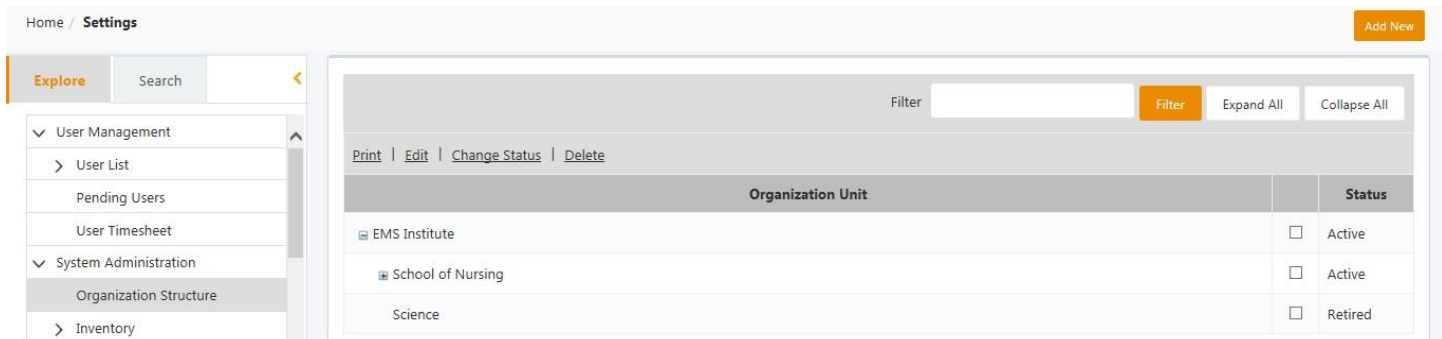

Set User Profile Expiration Date

The Administrator can set the user profile updates from the following areas:

- Settings > Organization Structure > click the Institute > click Edit.**
- Settings > User List > click one or more profiles or select all > click Set Expiration link.**
- Settings > Individual Profiles** – Each user profile has a **Set to Expire Now** button to prompt the selected user to review and update his or her user profile immediately.

Organization Structure

Complete the following steps to add a profile expiration date at the Institute level.

Organization Unit	Status
EMS Institute	<input type="checkbox"/> Active
School of Nursing	<input type="checkbox"/> Active
Science	<input type="checkbox"/> Retired

- Settings > Organization Structure > click the Institute checkbox(es) > click Edit link.**

Organization Unit ×

To add or edit the organizational hierarchy, type the Unit Name, select the Unit Type, and select the Unit Head for this unit. To associate users with this level of the hierarchy, click the Learner Group checkbox. Click 'Save' to save this unit to the organization structure.
