

## SIMULATIONiQ™ Enterprise Blackboard Integration

### Register Provider Domain in Blackboard

1. Click **System Admin**.
2. Under **Integrations** click **LTI Tool Providers**.
3. Click **Register Provider Domain**.
4. Add the following:

<b>Provider Domain</b>	Enter your institution's <b>SIMULATIONiQ Enterprise URL</b> .
<b>Default Configuration</b>	Click <b>Set globally</b>
<b>Tool Provider Key</b>	Type: <b>Enterprise Key</b>
<b>Tool Provider Secret</b>	Type: <b>Enterprise Secret Key</b>
<b>Tool Provider Custom Parameters</b>	Copy and paste:  role=@X@membership.role@X@ courseuid=@X@course.batch_uid@X@ fullname=@X@user.full_name@X@ userid=@X@user.id@X@ userpk=@X@user.pk_string@X@ courseid=@X@course.id@X@ coursepk=@X@course.pk_string@X@ <a href="#">userid=@X@user.batch_uid@X@</a>

5. Click **Submit**.

The newly added Provider Domain will appear in the LTI Tool Providers grid.

### Integrate SIMULATIONiQ™ Enterprise with a Course in Blackboard

1. Click **Courses** and then select the required Course.
2. Click **Content > Build Content > Web Link**.
3. In the **Name** field, type **Enterprise**.
4. In the **URL field**, enter your institution's **SIMULATIONiQ Enterprise URL** and add **/login.aspx** to the end of the URL.
5. Click **Submit**.

### To configure your SIMULATIONiQ Enterprise application for Single Sign On (SSO) Authentication
